**Creating a Meaningful Life** Shannon Hodges,2022-11-10 Creating a Meaningful Life builds on the tenets of mindfulness based cognitive therapy MBCT to answer some of life s basic questions such as How do I create a meaningful purposeful life and Is the life I am living one that brings me fulfillment purpose and a sense of inner peace Using a variety of techniques including journaling grounding exercises cognitive self talk restructuring and more chapters invite counseling professionals and students to explore their inner landscape better understand themselves and find communion with others

**Digital Detox** Victor de la Fuente,2022-06-02 Digital Detox is a book born out of the need to reclaim control over our time and attention We live surrounded by screens notifications and stimuli that demand our focus at every moment And while technology offers us infinite possibilities it also drags us into a state of stress and overload that erodes our concentration our calm and at times even our very perception of time and identity This book does not propose renunciation but rather reconnection It invites us to take a conscious look at our relationship with the digital world from smartphones to social media with both its light and its shadows and encourages us to chart a path toward a more human balance Through a simple and gradual detox process the author shows us how to identify the habits that distract us how to set boundaries that protect us and how to transform technology into a tool at our service instead of becoming instruments of technology The reading goes beyond practical advice though it includes it it is also a guide toward a new way of being present and toward understanding the importance of the crossroads we face Regaining mental calm in a hyperconnected world does not mean fleeing from technology but learning to live with it consciously instead of living on autopilot Digital Detox rethinks our relationship with the world A guide for those who want to harness technology without losing what matters most the ability to choose to focus and to live with serenity amid the noise
