**Memory,**

**Conflict and New Media** Ellen Rutten, Julie Fedor, Vera Zvereva, 2013-04-12 This book examines the online memory wars in post Soviet states where political conflicts take the shape of heated debates about the recent past and especially World War II and Soviet socialism To this day former socialist states face the challenge of constructing national identities producing national memories and relating to the Soviet legacy Their pasts are principally intertwined changing readings of history in one country generate fierce reactions in others In this transnational memory war digital media form a pivotal discursive space one that provides speakers with radically new commemorative tools Uniting contributions by leading scholars in the field Memory Conflict and New Media is the first book length publication to analyse how new media serve as a site of political and national identity building in post socialist states The book also examines how the construction of online identity is irreversibly affected by thinking about the past in this geopolitical domain By highlighting post socialist memory s digital mediations and digital memory s transcultural scope the volume succeeds in a twofold aim to deepen and refine both post socialist memory theory and digital memory studies This book will be of much interest to students of media studies post Soviet studies Eastern European Politics memory studies and International Relations in general

**The Politics of Technology in Latin America (Volume 2)** David Ramírez Plascencia, Barbara Carvalho Gurgel, Avery Plaw, 2020-12-30 This volume focuses on the hyper mediatization of Latin America from the citizen s perspective considering the social impact and how people embrace information technologies to improve their living conditions engage in political issues and the role of digital journalism in promoting democratic values in Latin America The book is divided into three parts Digital Media and Daily Life in Latin America explores cases related to the integration of digital media such as mobile devices social platforms and even drones to diverse commercial private and social activities Information technologies and civic engagement gives special attention to the new political practices triggered by the irruption of smartphones and platforms especially inside organizations and social movements in Latin America Journalism and Media Integrity in the Age of Post truth centers on the study of digital journalism and the new media landscape and related issues like precarization of labor conditions and the crisis of reliability in media This second volume in a two volume set will be important reading for scholars and students of social use of digital media in Latin America civic engagement and the connections between politics journalism and technology
