Dream Lovers Erotica Plus:

Spiritual and Material Boundaries in Old French Verse Jacob Abell,2023-09-05 The Earthly Paradise was a vibrant symbol at the heart of medieval Christian geographies of the cosmos As humanity s primal home now lost through the sins of Adam of Eve the Earthly Paradise figured prominently in Old French tales of lands beyond the mundane world This study proposes a fresh look at the complex roles played by the Earthly Paradise in three medieval French poems Marie de France s The Purgatory of St Patrick Benedeit s Voyage of Saint Brendan the Abbot and Guillaume de Lorris s The Romance of the Rose By examining the literary cultural and artistic components that informed each poem this book advances the thesis that the exterior walls of the Earthly Paradise served evolving purposes as contemplative objects that implicitly engaged complex notions of economic solidarity and idealized community These visions of the Earthly Paradise stand to provide a striking contribution to a historically informed response to the contemporary legacies of colonialism and the international refugee crisis
