Refusals and Reflections, 2024-11-04 Though qualitative research methods shape scholarship around the globe and institutions worldwide offer qualitative coursework there is very little explicit discussion on how to effectively teach qualitative research Instead a standard approach is for instructors to gain in depth expertise in qualitative methodologies with little or no pedagogical training The effect is a continuous and nearly exclusive emphasis on content knowledge that undermines the preparation of novice researchers as both teachers and learners This book works to fill that gap by offering perspectives strategies and applications from instructor and student perspectives based on a semester long class emphasizing social justice in qualitative research This edited volume offers sections on pedagogical strategies students responses to and applications of those concepts and then instructor reflections The goal is to offer an important starting point for explicit discussions on how qualitative research might be taught and learned in addition to how it might be thoughtfully and ethically conducted Contributors are Erica T Campbell Sun Young Gu Kelsey H Guy Aimee J Hackney April M Jones Alison N Kearley Caran Kennedy Amon Neely Cowan Allyson Pitzel Diana Quito Erin E Rich Stephanie Anne Shelton Ashley Salter Virgin and Venus Trevaee Watson *Where'S Dad?
